

# TEJAS PRAJAPATI

## OBJECTIVE

I have excellent Java, HTML, CSS, and Web Design knowledge. Also, I know the android studio, Databases like SQL and MongoDB I just completed my post-graduation in web development from Conestoga college. I care deeply about creating world-class, functional, and beautiful products that help people and make a difference. I know the MVC Data structure and Entity Framework.

## EXPERIENCE

### HN Techno

April 2019 - July 2020

Java Trainee

In one year of internship in this company, I learned java from scratch with HTML and CSS. Alongside, I also know database and MVC framework.

### Walmart

July 2021 - Till now

Produce Associate

I received the delivery by myself for the whole produce department. Also, I had done the inventory and stocking.
